## AWFUL MISHAP TO BALLOONIST

W. J. Goda, the Aeronaut, Falls  
On Electric Wires and is  
Frightfully Burned.

## DISTRICT COURT HEARINGS.

Three Robberies Saturday Night, One  
Arrest—Severe Electrical Storms  
—Nevada Bank Swindled.

Ogden, Aug. 5.—While 2,000 people stood horrified, W. J. Goda of Hillsdale, Wash., an aeronaut, while alighting with his parachute, was horribly burned by coming in contact with electric wires bearing a voltage of more than 40,000 near this city at 5 o'clock yesterday afternoon. The breaking of the wires alone saved Goda's life. In the crowd was the balloonist's wife, who fainted at the terrible sight. At the hospital where Goda was rushed in an automobile after the accident, it was reported last night that Goda would recover.

The accident occurred at the Ogden Canyon sanitarium, where thousands of people had gathered to spend the day. The balloon ascension was advertised as one of the features of the resort's program of amusements. On account of the location being close to the mountains, and fearing that he might be dashed against the rocks, Goda did not ascend as high as usual. In descending one end of the trapeze bar became loose, and he fell. He had cut away from the balloon, and Goda was forced to hang on with one hand. This accident took away the only means the aeronaut had for guiding his parachute and he slowly drifted down on the live wires of the Telluride Power company. When the multitude saw that nothing but a miracle could save the man from being electrocuted, a horrified cry went up and many people turned their eyes away from the awful spectacle. The balloonist's feet first came into contact with the heavily charged wires and immediately he was enveloped in a large sheet of flame. It appeared that Goda fell slightly forward, one wire passing up the inside of the legs until the crotch was reached. He then fell over on his side and the three wires snapped, allowing the almost lifeless body to fall 35 feet to the ground. That he was not killed instantly seems little short of a miracle.

A hundred men hurried to the scene. It was discovered the man was still alive, although unconscious. An automobile was hastily summoned and the injured man was rushed to the hospital. Goda's entire body, excepting the face and head, was fearfully burned. The most serious injuries, however, were about the thighs and stomach. A man and his wife have been making ascensions both here and in Salt Lake for the past few months, during which time they have received a number of injuries. A few weeks ago, the man, who was injured yesterday, made an ascension from Glenwood park. A current of air carried him over to the mountain and dashed him against the rocks, badly cutting and bruising him. Yesterday there was but little air stirring when the balloon was cut loose and the place where the accident occurred was more than a few hundred feet from the starting point.

The broken wires continued to spit fire when they reached the ground and immediately the June grass was ignited. The flames spread rapidly among the grass and dry brush and covered a large area before they could be extinguished.

### THREE ROBBERIES.

Thomas Strong, One of the Robbers,  
Arrested and Will Plead Guilty.

Ogden, July 5.—Three robberies which occurred during Saturday night were reported to the police yesterday morning. A short time after the first report came in Thomas Strong, one of the robbers, was arrested and considerable plunder was recovered.

The three places entered by the thieves are located in the heart of the business district. The supposition is that false keys were used in each instance. The first place discovered to have been robbed was the department store owned by O. D. Rasmussen on Washington avenue. From this place the robbers took 12 pairs of trousers and it was there that led to Strong's undoing. The fellow was observed carrying the quarry toward the new Federal building grounds and the police were notified. The trousers were found

## NOTICE TO OGDEN PATRONS.

Ogden patrons of the Deseret News are notified that the office of Jno. J. McGregor, circulator, has been removed to No. 244 Washington avenue, first door south of the Postal Telegraph company, with Hussey & Woods, real estate dealers, former stand of S. L. Ives; Telephone—Bell 1356, Independent 90. The Deseret News office has been fitted up with a new equipment, the force augmented and better service will be rendered than ever before. Patrons are requested to notify the office promptly in case of any delay in the delivery of their papers. Mr. McGregor's home telephone is Ind. No. 1132.

In an obscure part of the grounds where they had been cached. When Strong attempted to enter the grounds a second time he was stopped by one of the workmen who asked him his business. He promptly replied that he had some things there that he wished to get. Before he had time to get them, however, the police arrived and placed the fellow under arrest.

At police headquarters when Strong was searched a key taken from the rear door of the Rasmussen store was found in his pocket. Notwithstanding this bit of incriminating evidence and the fact that he was identified by the workman who saw him about the Federal building grounds, Strong maintained a dogged silence when the officers attempted to interrogate him. Chief Browning finally took Strong in hand in the chief's private office and while he refused to confess the theft he told Mr. Browning that he would plead guilty. This is taken to mean that he does not intend to "sneak" on his partners.

Strong at first appeared indignant at his arrest. He asked the officers to confer with Mayor Thompson and former Police Chief George Sheets of Salt Lake, both of whom he said he knew. In fact he said he had been employed by the former to take care of race horses. The police here are of the opinion that Strong is an ex-convict.

### TWO ELECTRICAL STORMS.

Much Damage Done by Lightning—  
Heavy Rainfall.

Ogden, Aug. 5.—Two severe electrical storms visited this city in less than 12 hours, the second one arriving about 11 o'clock Saturday morning. During the first storm, which was the most interesting in and about the city. The storm was heralded by a blinding flash of lightning and a heavy peal of thunder. A tree near the corner of Twenty-sixth street and Lincoln avenue was struck and much of the bark was peeled off. People residing in the neighborhood experienced heavy vibrations in the houses. A heavy downfall followed the peal of thunder and soon the gutters in the business district were filled to overflowing.

The wires of the Utah Light & Railway company were struck on Twenty-fifth street. Although the damage was slight the system was put out of commission for some time. At the power house one of the transformers was more or less damaged. The same storm shifted north to the Bear River station of the same company and out of the four transformers located there, three were damaged.

The effect of the bolt of lightning which struck in this city was felt in various places. The American Linen Supply company's building on Twenty-sixth street seems to have received a portion of the bolt. A man at the machine was knocked down. Then several girls were dazed from the explosion and terribly frightened. A clerk in the office was thrown to the floor by the shock and the electricity played freely about the building.

The wires near the city jail also caught a portion of the bolt of lightning which lighted the lights about the jail and played hide and seek around the steel cells with reports as loud as pistol shots. The prisoners were terrified, but none were injured.

### CLEVER FORGERY.

Ogden, Aug. 5.—A draft drawn on the First National Bank of Winnemucca

and presented for payment at the First National Bank of Ogden on June 3, has since been declared counterfeit. The draft was for \$437 and was made out by James Wilson.

A man representing himself as bearing that name came to Ogden more than a month ago and engaged a room at Oscar Peterson's apartment house on Twenty-fourth street. He said he was waiting for a draft from Nevada. He had a good appearance and created a favorable impression. In due time Wilson said the draft arrived and Peterson was asked to accompany him to the bank where he would have to be identified. The landlady accommodated the fellow and obeying the bank's rule he endorsed the check and the money was paid.

Shortly afterward Wilson went to Salt Lake and since has disappeared. The draft was forwarded to the Nevada bank and paid by that institution. This released both Peterson and the Ogden bank from liability. It was not until some time later that the draft was found to be a forgery. The Winnemucca bank will have to stand the loss.

### DEATH OF MRS. SCOFIELD.

Mrs. M. M. Scofield, who had been a resident of Ogden for more than 12 years, died at her home, No. 162 Washington avenue at noon on Saturday after a brief illness from a nervous collapse. Mrs. Scofield was 33 years of age and is survived by her husband and three small children. The funeral was held at 3 o'clock yesterday afternoon at the residence. Rev. Alfred Good Shepherd, pastor of the Episcopal church, officiated. Burial was in the city cemetery.

Decision for approval, final account and discharge in the matter of the estate of John C. Lewis was granted.

## Parisian Women's Renowned Beauty

Mainly Consists of Beautiful  
Complexions. Specialist Gives  
Splendid Formula.

In a recent interview Dr. Jean Valier, the eminent dermatologist, made some very interesting statements concerning the beauty of the fair sex. He claimed the highest type of features and those that approach nearest to the old Greek standards are to be found in America. Although the French ladies are world renowned for their beauty, they lack the classical mould of face. But this defect is evidently counter balanced by their matchless complexions. To this they give the most rigid care in the matter of diet and daily massages.

Dr. Valier gave the formula for a skin food which he said had worked wonders for the society ladies of Paris and which, though a simple mixture, is probably the most effective known. It is composed of a normal rosy complexion and building up the undeveloped parts of the face, neck and bust. The formula is as follows: two ounces of Rose Water, one ounce of Cologne Spirits, and four ounces Sartin (crystallized).

The Sartin is to be dissolved in a pint of hot water (not boiling), then when cooled to be strained through a fine cloth, and the Rose Water, and Cologne Spirits added. This is to be used twice a day and massaged well into the skin, and persisted in there will be no fear of being spoiled by rouge. It is not expensive, the ingredients being obtainable from any druggist, and coming from such high authority is well worth a thorough trial.

port of the estate of H. Douglas Wise was continued.

Petition for the approval, allowance and final settlement of the estate of Norman M. Robertson was granted.

Petition for letters of administration of the estate of Sarah A. T. Marshall was granted and the bond set at \$4,000.

Petition for letters of administration of the estate of Julia King Parsons was granted and the bond set at \$100.

Petition for letters of administration of the estate of Owen B. King was granted and the bond set at \$100.

Petition for substitution of the administrator of the estate of Nancy E. Cusick was granted; bond was set at \$500.

Petition for the appointment of a guardian of the estate of Belva Welch, minor, was granted, and bond set at \$2,000.

Decision for approval, final account and discharge in the matter of the estate of John C. Lewis was granted.

### TODAY'S BURGLARY.

George W. Brooks Arrested for Entering Beehive Rooming House.

Ogden, Aug. 5.—Shortly after 6 o'clock this morning a man giving the name of George W. Brooks was arrested on Twenty-fifth street, by Police Sergeant Chambers and Deputy Sheriff Marlow Wilson and locked up in jail on the charge of burglarizing the Beehive rooming house during the early part of the morning and stealing therefrom several articles of clothing and a razor belonging to one of the lodgers. The authorities will make an effort to make out a case against the man, who was the night clerk was taking a few moments' rest.

BRIEFS AND PERSONALS.

R. L. Rowe, whose years ago was engaged as a newspaper work in Ogden, was in the city yesterday, on his way from the coast to his home in Chicago.

## LOGAN.

### TWO KILLED BY LIGHTNING.

Flash Follows Electric Lighting Wires  
With Fatal Results at Hyrum.

(Special to the "News.")

Logan, Aug. 5.—Two people were killed by lightning at Hyrum at 6 o'clock Saturday. The first victim, being Mrs. Henry Ames, Mrs. Ames was sitting in the center of the room nursing her baby when the bolt struck her, killing her instantly, but leaving the babe unhurt. The little one rolled over on the floor without a scratch.

The second person to lose his life by the flash was the 7-year-old son of Mr. and Mrs. Hans Jorgensen, whose home immediately adjoins the Ames place. Mrs. Jorgensen and three children were in the room when the lightning came, and the little boy, Arnold, was stricken dead and the balance of the family untouched. In both instances the lightning seemed to follow the electric light wiring entering the houses. The power was off at the light plant at the time of the accidents, so that there was no current in the wires except that of the bolts from above. Mrs. Ames was a woman of noble character, and a loving wife and mother. She leaves a husband and four small children and hosts of friends to mourn her taking away.

The parents of the boy also have the sympathy of the people. Funeral services will be held jointly in the Hyrum stake house at 2 p. m. tomorrow. Funeral services over the remains of Mrs. Matilda Lindahl, who died Friday afternoon after an extended illness, were held yesterday at the Methodist church. Rev. Martin Thorsen, conducting the exercises. The services were largely attended. Mrs. Lindahl was one of the best of mothers and a native of Sweden. She has resided in Logan since 1900.

## PARK CITY.

### SERIOUS MINE ACCIDENT.

Three Men Hurt at the Daly West;  
Two May Die.

Special Correspondence.

Park City, Aug. 3.—The L. D. S. choir, under direction of Miss Sadie Rasmussen,

gave one of the best concerts ever heard in this city last evening. The church was crowded with people who came out to listen to the beautiful music, both vocal and instrumental.

The M. I. A. association of the Park City ward will hold a reception, and also give a program in honor of Elder E. J. Glade, who recently returned from a mission to Germany. The event will take place Tuesday evening, Aug. 6.

A baby girl was born last evening to Mr. and Mrs. S. Crompton.

Tilly, Aug. 4.—A serious accident occurred this afternoon at the Daly West mine, when three miners were injured, two probably fatally. The injured are Joseph Hardesty, day shift boss, Juko Baguine and Antoine Burgyr. The two first names are so seriously hurt that they are not expected to live.

The accident occurred through Engineer Murray, who runs the hoist, mistaking the markings. He was hoisting the men with a large load of material from the 1,500 foot level to the top. The engineer thought the cage was at the 300 foot level, when it reached the top, and it was shot through the opening thrown out of the car on the roof with great force.

## BRIGHAM.

### DEATH OF PROMISING YOUTH.

William S. Jones Falls a Victim of  
Diphtheria—Serious Accident.

Special Correspondence.

Brigham City, Boxelder Co., Aug. 1.—Charles Anderson, the secretary of the Brigham Copper company, met with a very painful accident yesterday while assisting in unloading hay at Mr. Rasmussen's place at Mantua. He went to go upon the stack with a fork in his hand and it appears that the ladder broke letting him down on the fork, one of the tines entered his back under the shoulder. Dr. Rich was telephoned for and came and dressed the wound, at last report he was resting comfortably.

William S. Jones, the 17-year-old son of Prof. W. H. Jones and Ellen Stark Jones, was buried here yesterday. He died on Tuesday morning at the L. D. S. hospital in Salt Lake City, after an illness of six weeks from injuries received in a railroad accident. To all appearances he was fast recovering from the physical wounds, when he was attacked with a malignant type of diph-

theria, which occasioned his death.

He was a bright boy, possessed of endearing qualities and had made a very creditable record of three years as a student in the Agricultural college. All who knew him learned to love him. A host of friends will therefore be saddened to learn of his untimely taking off. He leaves a father, mother and one sister to mourn the loss of the beautiful lad, who was their pride and their hope and their sunshine.

## WILLARD.

### ACCIDENTAL SHOOTING.

Irwin Perry Receives Contents of  
Shotgun in Leg.

Special Correspondence.

Willard, Boxelder Co., Aug. 4.—Saturday morning at 5 o'clock what might have been a serious gun accident happened.

The Barker and Perry boys had planned a chicken hunt in the canyon. Gus and Irwin Perry were carrying a cap of milk to the stand before starting, while Rufus Barker was examining his gun a short distance away, while doing the gun was accidentally discharged and Irwin Perry fell to the ground exclaiming, "I am shot." He was carried into the house by his father and brother. Dr. Harding of Brigham was summoned and it was found that about 21 shot had struck him, most of them being lodged in the lower part of the leg. A few stray shots also struck his brother.

Dr. Harding dressed the wounds and apprehends no serious results. The wounded boy has been removed to his grandfather's home in Perry. People here are more firmly convinced than ever that if boys must hunt an older person should look after them.
